PREFACE.

In December 1870, the Government of India, with the sanction of the Secretary of State, directed the introduction, from the beginning of 1871-72, of a system of provincial assignments for provincial services.

Under this system, certain services are defined as provincial and entrusted to the local Governments, with consolidated contract allotments to cover their cost.

The services in the Civil Department, thus made provincial from 1871-72, were—

Jails.
Registration.
Police.
Education.
Medical services, excluding only the pay of the Medical Officers of civil stations.
Petty construction and repairs of all civil buildings, except opium buildings and buildings of the Salt Department, in the Madras Presidency and in the Bengal Presidency outside the Lower Provinces of Bengal.
Printing.

Subsequently in the years 1871-72, 1872-73, 1873-74, and 1874-75, the following minor services were also made provincial with suitable additions to the provincial contract allotments :—

IN ALL DEPARTMENTS—

HOUSE AND OFFICE-RENT FROM 1871-72—

LAND REVENUE—
Arrangement of records from 1872-73.
Ground-rent of Orphan School at Howrah from 1872-73.

CUSTOMS—
Survey and registry of cargo boats from 1871-72 (Bengal).

MINOR DEPARTMENTS—
Museums in Madras, Bombay, and Central Provinces from 1872-73.
Botanical Gardens at Aden and Bombay from 1873-74.
Model Farms in the N. W. Provinces, Central Provinces, Assam, and the Punjab from 1874-75.

LAW AND JUSTICE—
Rewards for apprehending proclaimed offenders from 1872-73.
Lock-ups and diet money of prisoners under trial from 1873-74.

MARINE—
Light-houses and ships from 1872-73.

ECCLESIASTICAL—(Burial Grounds)—
In Oudh, Bengal, N. W. Provinces, and Punjab from 1871-72.
In Central Provinces, Madras, and Bombay from 1872-73.

MISCELLANEOUS—

From 1871-72.
Allowances to covenanted civil servants out of employ.
Municipal assessments and rates on public buildings.
Purchase of books and publications.
Donations for charitable purposes.
Rewards for the destruction of wild beasts.
Conservancy charges.
Miscellaneous and unforeseen charges.

From 1872-73.
Charges for stamping weights and measures (Madras).
Uncovenanted civil service examinations (Madras).
District posts.

From 1873-74.
European vagrant charges.

Under Public Works, the following original works and repairs, with a proportion of the charges for establishment and with expenditure for tools and plant, were made provincial from 1871-72 inclusive, *viz.*:—

Roads, except a few military roads to certain sanitaria in the North-Western Provinces.

Civil buildings, except buildings of the Telegraph, Postal and Opium Departments and of the Salt Department in the Madras Presidency and in the Bengal Presidency outside the Lower Provinces of Bengal; also excepting the buildings appertaining to the Government of India in Calcutta and Barrackpore.

The original allotments made to the several local Governments to enable them to carry on their provincial services were based upon the grants made for these services upon the imperial estimates of 1870-71, from the total of which the sum of £330,801 was deducted rateably from the assignments to all the provinces excepting Burmah. Subsequent additions have been all made in full without any deduction.

The scheme of provincial allotments for provincial services has affected the record of financial statistics. Whereas, before 1871-72, the receipts and charges under the various heads which are now provincial were recorded, under their respective heads, among the general revenues and charges of British India, their record is now transferred to the separate account of provincial services. The account of the general revenue and expenditure shows only the net sum granted to the Provincial Governments for provincial services. The effect of this is to reduce the apparent gross expenditure of British India by the amount of receipts transferred to the Provincial Governments. The total expenditure from the beginning of 1871-72 is shown after deducting those receipts. This should be borne in mind by any one comparing the amount of the allotment for provincial services since 1871-72 with the expenditure for the same services before they were made provincial.

Another effect of the measure has been to reduce the amount recorded as ordinary public works expenditure in the general accounts of revenue and expenditure of British India by the sum spent on provincial public works.

In the tables in this volume the expenditure upon the minor services (under the several major heads) which have been made provincial, has been distinguished from the remaining expenditure under those heads. The names of the services thus distinguished are in italics, while the expenditure upon them is printed from the year of transfer in antique type, to denote that for those years the amounts are not included in the total of general revenue and charge of British India, but in a separate account of the provincial revenue and expenditure of the several local Governments and Administrations.

CASH BALANCE.

Memorandum by MR. SECCOMBE, *as to the mode in which the Cash Balances of the Governments of the United Kingdom and of India are stated in the Public Accounts,—Dated 20th June* 1873.

(Extract from a demi-official letter from MR. SECCOMBE, *to* R. B. CHAPMAN ESQ., *dated India Office, 20th June* 1873.

" In order to ensure its correctness, I have, while preparing it, communicated with the Treasury, the National Debt Office, and the Bank of England, as well as with Mr. Harrison and Mr. Gay, who have kindly aided me.")

The exchequer balances of the United Kingdom consist of unexpended revenue of a previous year, and of the sums received from Revenue Departments as revenue of the current year, and of money obtained on loan and not transferred to the Paymaster General's account, under Treasury authority, for payments on account of the consolidated fund or supplementary services, or other purposes authorised by Parliament.

Consequently, the balances shown in the Finance Accounts do not include the following :—

Savings' Bank Deposits.
Friendly Societies Deposits.
Public Works Loan Commission Current Balance. } Under management of the Commissioners for the reduction of the National Debt.

Judicial Deposits—Bankruptcy—Under the Comptroller in Bankruptcy.
Chancery—Under the Paymaster General.
County Court—Under the Treasurers of the Courts.

Master of the Mint—Balance.

Balances at the Bank of England—To the credit of the Paymaster General.

Balances held by the several Revenue Departments—Customs, Excise, Stamps, &c., shown at page 12 of the Finance Accounts of the United Kingdom.

The following items, which are included in the cash balances in India, would, therefore, be shown separately from the exchequer balances, according to the arrangement in the accounts of the United Kingdom—the figures are taken from the accounts for 1871-72 as presented :—

MONEY IN THE PUBLIC TREASURIES AND AT CREDIT OF THE GOVERNMENT IN THE PRESIDENCY BANKS AND THEIR BRANCHES.

Memorandum by MR. SECCOMBE, *as to the mode in which the Balances of the Governments of the United Kingdom and of India are stated in the Public Accounts,—dated 20th June 1873.*

(Extract from a demi-official letter from MR. SECCOMBE, *to* R. B. CHAPMAN, ESQ., *dated India Office, 20th June 1873.*

"In order to ensure its correctness, I have, while preparing it, communicated with the Treasury, the National Debt Office, and the Bank of England, as well as with Mr. Harrison and Mr. Gay, who have kindly aided me.")

The exchequer balances of the United Kingdom consist of unexpended revenue of a previous year, and of the sums received from Revenue Departments as revenue of the current year, and of money obtained on loan and not transferred to the Paymaster General's account, under Treasury authority, for payments on account of the consolidated fund or supplementary services, or other purposes authorised by Parliament.

Consequently, the balances shown in the Finance Accounts do not include the following :—

Savings Bank Deposits.
Friendly Societies' Deposits.
Public Works Loan Commission Current Balance. } Under management of the Commissioners for the reduction of the National Debt.

Judicial Deposits—Bankruptcy—Under the Comptroller in Bankruptcy.
Chancery—Under the Paymaster General.
County Court—Under the Treasurers of the Courts.

Master of the Mint—Balance.

Balances at the Bank of England—To the credit of the Paymaster General.

Balances held by the several Revenue Departments—Customs, Excise, Stamps, &c., shown at page 12 of the Finance Accounts of the United Kingdom.

The following items, which are included in the cash balances in India, would, therefore, be shown separately from the exchequer balances, according to the arrangement in the accounts of the United Kingdom—the figures are taken from the accounts for 1871-72 as presented :—

MONEY IN THE PUBLIC TREASURIES AND AT CREDIT OF THE GOVERNMENT IN THE PRESIDENCY BANKS AND THEIR BRANCHES.

Memorandum by MR. SECCOMBE, *as to the mode in which the Balances of the Governments of the United Kingdom and of India are stated in the Public Accounts,—dated 20th June 1873.*

(Extract from a demi-official letter from MR. SECCOMBE, *to* R. B. CHAPMAN, ESQ., *dated India Office, 20th June 1873.*

"In order to ensure its correctness, I have, while preparing it, communicated with the Treasury, the National Debt Office, and the Bank of England, as well as with Mr. Harrison and Mr. Gay, who have kindly aided me.")

The exchequer balances of the United Kingdom consist of unexpended revenue of a previous year, and of the sums received from Revenue Departments as revenue of the current year, and of money obtained on loan and not transferred to the Paymaster General's account, under Treasury authority, for payments on account of the consolidated fund or supplementary services, or other purposes authorised by Parliament.

Consequently, the balances shown in the Finance Accounts do not include the following :—

Savings Bank Deposits.
Friendly Societies' Deposits.
Public Works Loan Commission Current Balance. } Under management of the Commissioners for the reduction of the National Debt.

Judicial Deposits—Bankruptcy—Under the Comptroller in Bankruptcy.
Chancery—Under the Paymaster General.
County Court—Under the Treasurers of the Courts.

Master of the Mint—Balance.

Balances at the Bank of England—To the credit of the Paymaster General.

Balances held by the several Revenue Departments—Customs, Excise, Stamps, &c., shown at page 12 of the Finance Accounts of the United Kingdom.

The following items, which are included in the cash balances in India, would, therefore, be shown separately from the exchequer balances, according to the arrangement in the accounts of the United Kingdom—the figures are taken from the accounts for 1871-72 as presented :—
